How to Join the Credit Union

1. Submit the attached signature card, filled out in black ink or typed. The Membership and Account agreement is included with the card. If you have any questions on filling out the form, please consult the agreement, or call the credit union.
2. If you are considering a "JOINT" account, please consult the account agreement for the rights that a joint owner has on the account.
3. If this is a "Single" account, and you wish to designate beneficiaries, please consider the following:
 - a. If you list more than one (1) beneficiary on the form, please indicate "Primary" or "Contingent". Or if both beneficiaries are to share in your account, upon your passing, please indicate the percentage (%) that goes to each beneficiary.
 - b. If you have more than two (2) beneficiaries, please use the "Supplemental Beneficiary" form.
4. Submit your initial deposit for \$5.00 for each share desired (one share minimum) plus a \$1.00 (one time) membership fee. If you sign up for payroll deduction, the membership fee will be taken from the first payroll deduction received.
5. To authorize the withholding of any specified amount from each salary paycheck for deposit to your credit union account, please sign the enclosed payroll withholding form, and submit it with your membership application.
6. To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account. What this means for you: When you open an account, we will ask you for your name, address, date of birth and other information that will allow us to identify you. We will also ask for a copy of your driver's license or other identifying documents.
7. Please **SIGN** and **DATE** all documents, where indicated.
